Important interface information

This drive requires a USB connection

These elegant portable drives are simple to use, light and easy to carry, and require no power adapter -- they are powered directly through the USB cable.* Works with Windows® and Mac®. Synchronize files between home and office and encrypt everything on the drive for added security.

Key Features

USB powered - Powered directly from the USB port on your PC. No separate power supply is needed*.

Synchronized and secure - Plug My Passport into any PC, edit files, read e-mail, and view photos. Then sync all of your changes back to your home or office computer. Your data is protected with 128-bit encryption. (Windows only)

Compatible - Use with Windows® and Macintosh® computers

Includes Google™ software - Search your drive, manage your photos, and simplify Web searches with included Google software. (Windows only)

* An optional cable is available for the few computers that limit power from the USB port.
